SUMMARY

Electrical engineering student at Michigan State University with hands-on experience in CAD design, embedded systems, PCB layout, and laboratory testing using oscilloscopes, function generators, and multimeters. Proficient in Python, C, AutoCAD, KiCad, and Fusion 360, with strong communication, teamwork, and problem-solving skills developed through customer service and volunteer experience.

EDUCATION

Michigan State University, College of Engineering

Aug 2024 – Present

B.S., Electrical Engineering, Minor in Business — East Lansing, MI

- GPA: 3.74
- Achievements: Dean's List, 4x

SKILLS

- Programming: Python, C
- Design & Simulation: AutoCAD, Autodesk Fusion 360, KiCad
- Lab & Tools: Arduino IDE, multimeters, function generators, oscilloscopes, soldering
- Languages: English and Vietnamese (fluent, bilingual)

PROJECTS

Macro Pad

Aug 2025 – Present

IEEE at Michigan State University

- Designed a 6-key macro pad PCB with a rotary encoder and OLED display, handling schematic capture and board layout in KiCad and firmware in Arduino IDE.
- Hand-soldered all components onto the fabricated PCB and debugged the assembled board.

CAD Phone Case

Jan 2025 – May 2025

EGR 100, Michigan State University

- Led a team in designing and modeling a phone case in AutoCAD, analyzing structural durability while developing a distinct visual design.

Study App Prototype

Jan 2025 – May 2025

EGR 100, Michigan State University

- Collaborated with a team to design and prototype a study app aimed at MSU students.

Circuit Lab

Jan 2026 – May 2026

ECE 203, Michigan State University

- Built and tested a temperature-controlled fan circuit with LED warning indicators on a breadboard, using multimeters, a function generator, and an oscilloscope for validation.
- Built a stereo mixer, equalizer, and amplifier using RC filters, a bandpass filter, and several op-amp stages.

EXPERIENCE

Premium Matcha Cafe Maiko

Jun 2025 – Aug 2026

Employee — Troy, MI

- Delivered clear, responsive customer service while efficiently managing daily cafe operations in a fast-paced environment.

Kimchi Box

Oct 2023 – Sep 2025

Cashier — Madison Heights, MI

- Processed customer transactions with accuracy, resolved customer inquiries, and helped maintain organized inventory management.

Beans To Bags

May 2021 – May 2024

Employee — Auburn Hills, MI

- Coordinated logistics for coffee supply pickup and delivery, ensuring timely fulfillment while collecting and processing customer payments.

Pro Nail & Spa

Jun 2020 – Sep 2024

Receptionist — Auburn Hills, MI

- Delivered attentive customer service and efficiently managed appointment scheduling to support smooth daily operations.

Gift of Giving

May 2021 – May 2024

Volunteer — Auburn Hills, MI

- Purchased and organized winter necessities for families and children in need, collaborating with team members to optimize cost and efficiency.

EXTRACURRICULAR

- Member, MSU Society of Asian Scientists and Engineers — Aug 2025 – Present
- Member, Institute of Electrical and Electronics Engineers (IEEE) at MSU — Aug 2025 – Present
- Member, SEERACC (Non-Profit) — Jan 2024 – May 2024
