SUMMARY

Electrical engineering student at Michigan State University with hands-on experience in CAD design, embedded systems, PCB layout, and laboratory testing using oscilloscopes, function generators, and multimeters.

Looking for an internship for more hands-on experience!

EDUCATION

Michigan State University, College of Engineering

Aug 2024 – May 2028

B.S., Electrical Engineering, Minor in Business — East Lansing, MI

- GPA: 3.74
- Achievements: Dean's List, 4x

PROJECTS

Macro Pad

Aug 2025 – May 2026

Institute of Electrical and Electronics Engineers of MSU

- Designed a 6-key macro pad PCB with a rotary encoder and OLED display, handling schematic capture and board layout in KiCad and firmware in Arduino IDE.
- Hand-soldered all components onto the fabricated PCB

Arduino Joystick Game

June 2026 – June 2026

Individual Project (nguyendannyprojects.com)

- Created a game using an Arduino Uno, joystick, breadboard, LED lights, and 16x2 LCD screen. Wrote C++ firmware to display a live elapsed-time counter and flashing LED lights.
- Debugged hardware, developing systematic troubleshooting skills across both software and electronics.

CAD Phone Case

Jan 2025 – May 2025

Engineering 100, Michigan State University

- Led a team in designing and modeling a phone case in AutoCAD, analyzing structural durability while developing a distinct visual design.

Circuit Lab

Jan 2026 – May 2026

ECE 203, Michigan State University

- Built and tested a temperature-controlled fan circuit with LED warning indicators on a breadboard, using multimeters, a function generator, and an oscilloscope for validation.
- Built a stereo mixer, equalizer, and amplifier using RC filters, a bandpass filter, and several op-amp stages.

EXPERIENCE

Premium Matcha Cafe Maiko

Jun 2025 – Aug 2026

Barista — Troy, MI

- Prepared and served beverages to a high volume of daily customers, maintaining drink quality and consistency during peak hours.

Kimchi Box

Oct 2023 – Sep 2025

Cashier — Madison Heights, MI

- Processed customer transactions with accuracy, resolved customer inquiries, and helped maintain organized inventory management.

Pro Nail & Spa

Jun 2020 – Sep 2024

Receptionist — Auburn Hills, MI

- Delivered attentive customer service and efficiently managed appointment scheduling to support smooth daily operations.

Gift of Giving

May 2021 – May 2024

Volunteer — Auburn Hills, MI

- Purchased and organized winter necessities for families and children in need
- Collaborated with team members to optimize cost and efficiency

INVOLVEMENT

- Member, MSU Society of Asian Scientists and Engineers — Aug 2025 – Present
- Member, Institute of Electrical and Electronics Engineers (IEEE) at MSU — Aug 2025 – Present
- Member, SEERACC (Non-Profit) — Jan 2024 – May 2024

SKILLS

- Programming: Python, C
- Design & Simulation: AutoCAD, Autodesk Fusion 360, KiCad
- Lab & Tools: Arduino IDE, multimeters, function generators, oscilloscopes, soldering
- Languages: English and Vietnamese (fluent, bilingual)
